parents, too.

\*Minneapolis schools have not worked on the applications for putting flyers in the schools. They say they are beginning to look at them on September 1.

Fall Classes: 43 kids have enrolled so far.

Junior staff needs: McKenzie has 4 coaches so far.  
We need to open up our young coaches to be able to volunteer to our other 12 year old team girls.  
McKenzie is in charge of this “coaches in training” program.

Junior coaches must be at least 14 years old.

Terry typed up a letter to accompany the scholarship recipients. We are giving one scholarship/family only each year. These scholarships are a booster club fund.

Level 4 meet:

Doug Byrnes from Hamline University has graciously allowed us to use their vault system for the meet. Yeah!

Shelly is looking at March 27 & 28 for the level 4 state meet. Does the USAG provide the ribbons?

Equipment: New stereo, gymnastic equipment. We need a beam! They range from \$2,100 to \$2,800.

Kirsten is recommending that the booster club donate the money to purchase the beam. Shelly would like to put the other beam on Criag’s list.

Scholarships: Teams? We are not ready to create a team scholarship at this time. We are looking into work/tuition reduction possibilities to help families in need. Some tuition must be paid every month. These will be on a 6 month basis.

Poinsettia sale will be open to class parents to purchase for themselves.
